Mary Lynne Thompson, who is now a part time worker at The Press, has just had her poem, "Dreams of Youth", accepted by the National Anthology of high school poetry. This is nothing new for Mary Lynn because she had a poem printed in last year's anthology too. "Dreams of Youth" printed in The Press in the spring, also received special mention. In the fall, Mary Lynne will enter San Jose State, where she will major in journalism.

The cash register at the County coffers must have been ringing steadily last week with the large number of arrests for double parking on Campbell Ave. The system is simple—the motorcycled policeman waits at Central and Campbell . . . in a few minutes, someone is double parking at Harrison and Campbell . . . he takes care of that and waits a few minutes . . . sure enough someone is double parking at Central and Campbell.

A note from Alice Enderton from Fort Hamilton in Brooklyn, relates that the Germany-bound family was scheduled to sail on the 17th. While waiting, the eager family took in all the sights of New York.

Mrs. Clara Beebe Baldwin is well on her way to being known as Campbell's authority on rummage sales. She has just finished managing the successful WSCS sale and is scheduled to have charge of the coming Star Circle and Rebekah rummage sales. In her spare moments Mrs. Baldwin manages to find time to write the poetry occasionally found in the pages of The Press.

Practically every man's dream of a vacation was enjoyed by Mr. and Mrs. Harold Peck who just returned from 10 days spent on their son's ranch near Grant's Pass, Oregon. It seems that something went wrong with the lighting system and for ten days there was no radio, and, though this has no connection with the lights, no newspaper or telephone. And on top of that, the fish were really biting!

Notice that San Jose is instigating a campaign for cleaner streets. Maybe we can pick up some pointers and get clean streets for Campbell.

One of the year's freakiest freak accidents happened to Mrs. A. N. Lantz . . . she was walking in the yard of her Second Ave. home and just as she passed under an apricot tree, a heavy branch fell from the tree injuring her back. A second, one way or the other, would have made a lot of difference.

A sporting gentleman about town has been busy picking favorites in the tennis tournament. In the men's singles he favors George Phillips, Dan Clark Jr., Bob Magnuson and Ray Fish Jr. His selection in the women's singles is Mrs. William Powell and in the mixed doubles is Mr. and Mrs. Powell. In the men's doubles he picked Bob Magnuson and Dan Clark Jr.

Other sponsors include their mother, Mrs. Lillian Fontaine, a well-known actress herself; Novelists Kathleen Norris, Gertrude Atherton and Ruth Commort Mitchell, Pianist Adolf Baller, and Gen. Grote Hutcheson.

The production will be based on a three-act fantasy written by Dean Jennings, Los Gatos author. It will concern the two wildcats responsible for the founding of Los Gatos.

Incorporation Discussed at Monday Meet

A large group of interested residents attended the Campbell Taxpayers' Association meeting Monday night and took part in a discussion of incorporation. Among the chief subjects was the establishment of proposed boundaries.

C. P. Klassen, member of the Chamber of Commerce fact-finding committee, was present and pointed out what he considered some of the advantages of incorporation.

The proposed boundaries, which still may be subject to slight alterations, are now, after a conference with the County Engineer, as follows:

Beginning at the point of intersection of the center line of Los Gatos Creek with a line parallel to and distant 175 feet north from the north line of Hamilton Avenue, running thence from said point of beginning westerly along said line parallel to and distant therefrom 175 feet northerly of the northerly line of Hamilton Avenue to its intersection with a line parallel to and distant 175 feet easterly from the easterly line of Santa Clara-Los Gatos Road; thence northerly along said line parallel to and distant 175 feet easterly from the easterly line of the Santa Clara-Los Gatos Road to its intersection with the easterly prolongation of the northerly line of the E. R. Kennedy Subdivision, Unit No. 1, as same is recorded in Book 3 of Maps, page 51, of the Official Records of Santa Clara County, California; thence westerly along said easterly prolongation, and the northerly line of said E. R. Kennedy Subdivision to the northwesterly corner thereof; thence southerly along the westerly line of said E. R. Kennedy Subdivision to the line between lots 11 and 12 of the R. T. Rucker Subdivision, as same is recorded in Book L of Maps, page 87 of the Official Records of Santa Clara County, California; thence westerly along the line between said lots 11 and 12 and its westerly prolongation to the center line of San Tomas Aquino Creek; thence southerly along centerline of said creek and the easterly line of the lands of Henry S. Young, Agostino and Lena M. Albo and Vito Amato; thence continuing southerly along property line between the land now or formerly, of Guiseppa Ciraulo and Anthony R. and Theresa Campagna and Vincent and Mary Manza; and its southerly prolongation to the southerly line of Rincon Avenue; thence westerly and southerly along the southerly and easterly line of Rincon Avenue to the easterly line of Virginia Avenue, thence southerly along the easterly line of Virginia Avenue to its intersection with the center line of San Tomas Aquino Creek; thence southwesterly upstream along the centerline of said creek to its intersection with a line parallel to and distant 200 feet westerly from the centerline of Virginia Avenue, said centerline of Virginia Avenue being also the easterly line of Lot No. 1 of the E. N. Parr Tract, as same is recorded in Book B of Maps, page 57 of the Official Records of Santa Clara County, California; thence southerly along said line parallel to and distant 200 feet westerly from the centerline of Virginia Avenue to its intersection with the centerline of San Tomas Aquino Road; thence easterly along the centerline of said road to the northerly prolongation of the line between lots 2 and 3 of the W. J. Parr Subdivision, as same is recorded in Book A of Maps, page 95 of the Official Records of Santa Clara County, California; thence southerly along the line between lots 3, 10, 15, and 2, 11, 14, and southerly prolongation of said line to the northeasterly line of Polard Road; thence southeasterly

Campbell Librarian Resigns

Mrs. Lillian Voge, librarian at the Campbell library for many years, left last week to make her home with her sister, Mrs. E. Clyde Glass in San Fernando. Mrs. Glass, whose husband died recently, is librarian at the San Fernando Veterans' Hospital.

A daughter of Mr. and Mrs. J. Fred Smith, Mrs. Voge came to Campbell shortly after graduating from Grinnell College in Iowa. She lived on the family ranch on McCoy Ave., and has watched the growth of Campbell since the early 1900's. Her father was the chief instigator of a high school for the district and the family has steadily contributed to the development of the community.

The mother of four children, the former librarian has had a life of wide interests which have ranged from experiences abroad to teaching school in a California mining town.

A charter member of the Country Woman's Club, Mrs. Voge has taken more than a professional interest in the library and its growth and has contributed immeasurably toward its success as a community project.

Mrs. Voge plans on living quietly at the home of her sister, with more time to visit or write to her children of whom only two are in California at the present time. Hervey Voge who lives in Berkeley is associated with the research department of Shell Oil Co., and Noel Voge, formerly in the diplomatic service, has but recently been discharged from the service. A third son, Captain Melvil Voge, is teaching cadets in New York City. Mrs. Evelyn Penfield, Mrs. Voge's only daughter, makes her home in a suburb of Chicago.

Temporarily taking Mrs. Voge's place behind the library desk is Miss Frances Colley. Arrangements have not yet been made to replace Mrs. Voge permanently.

Sewer Tax Lowered

Taxpayers in the Campbell Sanitary District will be happy to learn that the sewer tax has been lowered, effective at the next assessment in November, from \$1.00 to 90 cents.

This lower rate is possible because of two reasons: first, \$5000 a year has been paid for the past six years on the original \$95,000 bond issue and the interest has been proportionately decreased. Secondly, the increased assessed valuation of the district has increased and the burden is being shared by a greater number of people.

The Sanitary District established in 1939, mainly through the efforts of Dr. W. I. Merrill, originally bore a tax of \$1.40. In 1940 it was lowered to \$1.20, in 1941 to \$1.15, in 1943 to \$1.10, in 1944 to \$1.05 and in 1945 it became \$1.00.

Members of the Sanitary Board are Charles DeSelle, president; Ross Trowbridge, secretary; Ethan Lanphear, Herbert Shadle and W. H. Stray.

Water Softener Agency Here

The Campbell Hardware Co. has taken the agency for the Campbell area of the Culligan Soft Water Service. This service installs in the home a device which effectively softens all the water used by the family. The unit is serviced frequently by the company and replaced when necessary.

Many of these water softeners have been installed in the Saratoga-Los Gatos area, according to Joseph Agostinho, owner of the Campbell Hardware Co.

Youth Activities In Full Swing

Activities of the Roost have swung into high gear, accelerated by the news that the organization will now be a year-round project instead of a summer one only. Members are busy redecorating the kitchen of the Scout Hall into which they have moved.

This evening, Thursday, July 25, all high school students and alumni under 21 are invited to attend an organization meeting at the Scout Hall. At this time membership fees will be decided upon and officers elected. Within the next 10 days membership cards will be available for those members in good standing. Kent Clark will officiate at tomorrow evening's meeting.

Big news for Campbell young people is the "Come As You Are" dance scheduled for Saturday evening, July 27, at the Scout Hall. Costumes will run to jeans and father's shirts and the snack bar will be in full operation.

Dean Close, director, reports that the regular Monday evening swimming parties have had to be temporarily discontinued due to lack of transportation.

Mrs. Rose Noyer Dies of Sudden Heart Attack

Mrs. Rose G. Noyer, who has many friends in Campbell, was found dead in her Los Gatos home by a neighbor last Saturday. Death was reputedly caused by a heart attack. The neighbor had visited Mrs. Noyer on Friday when she complained of a cold. Saturday, the same neighbor, on going to her house, walked in and found Mrs. Noyer dead on the bedroom floor.

In addition to her daughter, Mrs. Elsie Mae Dalkey of Vallejo, Mrs. Noyer leaves her parents, Mr. and Mrs. Joe F. Noyer of Campbell; four sisters, Mrs. Mae Hager and Mrs. Helen Stewart, Campbell; Mrs. Rita Goodnight and Mrs. Ann Gross, San Francisco; five brothers, Frank J. Noyer and William G. Noyer, Campbell; Henry Noyer, San Francisco; John L. Noyer, San Rafael; Edward M. Noyer of Sacramento; and two grandchildren, Sharon and Janice Dalkey.

Final rites were held from the Rancadore and Alameda Funeral Chapel on Tuesday morning and thence to the Five Wounds Church where a requiem mass was celebrated. Interment was at the Calvary Cemetery.

RECEIVES DISCHARGE

LT. (jg) Donald N. Martin, USNR, son of Mr. and Mrs. Thomas H. Martin of 19 Page Ave., in Campbell, received his discharge from the Navy last week. He was managing editor of a Navy magazine and will continue to hold this position as a civilian. He will live in Washington, D. C., but will pay Campbell a visit in December.

SCHOOL BONDS SOLD

Both Campbell Elementary School and Moreland School bonds, voted in the recent school bond election, were sold at the lowest rate of interest of the four school bond issues for sale in the area.

The Bank of America was the purchaser of the bonds and for the Campbell Elementary School gave a premium of \$119. The first \$60,000 of the \$325,000 issue, was sold at the rate of 1 1/2 per cent; the next \$75,000 at 1 1/4 per cent; and the final \$190,000 at 1 1/2 per cent.

Moreland's \$68,000 issue received a premium of \$129 with the first \$18,000 going at 1 1/4 per cent and the last \$50,000 at 1 1/2 per cent.

Campbell Growers Assn. Members Receive Large Share of Checks

Appeal Made For Cutters

Campbell ranchers are making a desperate appeal for cutters through the Campbell branch of the Farm Labor Office (Agricultural Extension Service). A large number of the local ranchers stand to lose their fruit unless cutters are immediately available.

One of the heaviest crops in years, this season's apricots were late in ripening, but, due to the sudden warm weather, reached the picking stage suddenly.

The Farm Labor Office urges all boys and girls and women who can work as cutters to call at the office, located at Winchester Road and Hamilton Ave., or telephone the office, Campbell 2309. Workers can be placed immediately.

Mrs. Josephine Decker, manager of the Campbell office, says that many who worked during the war years feel it is not now necessary, but she wishes to remind them of the heavy responsibilities still upon us. "People all over the world need this food and are waiting for it. We must not fail them."

Also needed at the local office are pickers.

Dean Jennings Speaks at Kiwanis Club

An unusually large number of guests were present at Tuesday's Kiwanis luncheon to hear Dean Jennings, Los Gatos writer, who spoke on "Criminals I Have Known". Jennings, who has authored the Los Gatos pageant to be presented in September, and is a popular magazine writer with articles appearing in the current Holiday Magazine and Coronet, is the author of many novels of crime and criminals and is deeply interested in the subject.

He told his audience that every nine minutes a man is murdered every 20 seconds a crime is committed and one person in every 23 is a crook. According to the national average, Jennings said that 100 people in Campbell will commit a crime within the next 12 months.

Laurence J. Hill, new Campbell High School principal, was made a member of the club.

Among the guests were Court Spotswood and Bill Capener of Los Gatos; Joseph McKinnon of San Jose; C. P. Klassen's brother-in-law, John Funk of Wasco; Dr. Albert Wiederhold, house guest of Rev. Lawrence Osborne, and C. P. Moss, guest of Jack Murdock.

RETURN FROM VACATION

Mr. Frank Cutting and Mr. Stuart Weston returned last week from an eight-day vacation and painting trip to Yosemite. They painted many spots of interest in Yosemite, including Bridal Veil Falls and Half Dome. Mr. Cutting's pictures may be seen at his Harrison Ave. studio. Mr. Weston, whose home and studio are in San Jose, has painted with Mr. Cutting as a student and companion for the past year.

NEW EQUIPMENT AT CAMPBELL MARKET

The Campbell Market has recently installed a new Free-On freezing unit after a leak in the ammonia pipes in the old freezing unit caused the meat department of the market to close for an entire week.

Campbell ranchers received the largest share of the California Prune and Apricot Growers' Association's final distribution of \$14,173,470.99 to its prune grower members for the 1946 crop deliveries. The \$390,474.42 sent to Campbell ranchers was almost half of the total, \$6,955,894.45 for Santa Clara County members.

Payments totaling \$3,038,419.51 in cash and equity credits are being mailed to Association members throughout the State, it was announced by T. O. Kluge, general manager. Santa Clara County growers shared in this amount to the extent of \$1,572,162.05 in cash and equity credits.

This final payment, Kluge said, shows a total return of more than 10 7/8 cents per pound bulk basis for three district quality fruit, including the Santa Clara, Napa, and Sonoma areas, and more than 10 5/8 cents per pound bulk basis for outside quality French prunes.

"This return," Kluge said, "may be compared to the support price on 1945 prunes which was announced by the United States Department of Agriculture as 9.5 cents for three district prunes and 9.25 cents for outside quality prunes."

Local Payments

The Santa Clara County distribution in the current payment by local associations is as follows:

Berryessa	\$ 53,008.99
Campbell	390,474.42
Cupertino	264,660.34
Fremont	87,109.68
Gilroy	187,629.17
Morgan Hill	181,787.42
Oak Grove	274,790.37
East Side	132,611.66

Representatives of the Santa Clara County local associations to the Prune and Apricot Growers Association are as follows: E. T. Mather, Berryessa; F. L. Steindorf, Campbell-Los Gatos; R. V. Garrod, Cupertino-Saratoga; L. L. Edwards, East Side; Roy A. Pearson, Fremont; J. E. Bogle, Gilroy; F. M. Shay, Morgan Hill, and L. W. Armstrong, Oak Grove.

With her customary quietness Mrs. Lillian Voge slipped away from Campbell and her post at the library last week to make her home in San Fernando.

Mrs. Voge's eager mind and her delight in sharing the treasures to be found in the books under her custody, made the Campbell library a special place for all book lovers. Many Campbell young people owe their avenues of literary enjoyment to her gentle guidance.

Although her tastes are universal in reach she was not one to belittle the Whodunit or the Western and had her favorite in those fields.

She will be greatly missed for her love of books is contagious and infected all who came within the radius of her tranquil personality.

**TRUMAN'S VETO**

WASHINGTON—Opinions may differ as to whether President Truman was right in vetoing the price control bill, but he personally has not changed his mind a bit. When he arrived on Capitol Hill for the Roosevelt memorial service, Truman was greeted by his old friend, Kenneth Romney, sergeant-at-arms of the House. As they shook hands the President quipped:

"I didn't know whether you folks would let me come up here today after reading my latest message."

"Oh, don't worry about that," chuckled the sergeant-at-arms. "A lot of us are glad you vetoed that OPA bill. And your veto message hit the nail right on the head. You did the right thing, in my opinion."

"I couldn't do anything else," replied the President with chin-set seriousness.

EQUIPPING U. S. SCHOOLS

When a committee representing the leading national educational organizations tried to see War Assets Chief Lt. Gen. Edmund B. Gregory about getting surplus equipment for American schools, it received two brush-offs.

Once Gregory had been "called out"; another time he was "too busy." However, the educators had no trouble seeing Gregory's boss, President Truman. Further, Truman's callers were definitely assured that steps would be taken to provide schools, colleges and universities with more war surplus.

They informed the President that approximately 2,000,000 American youths would seek education next fall in colleges alone. Of these, about 970,000 will be World War II vets. Unless schools are given a "fair and reasonable" access to war surplus goods—laboratory, classroom, cafeteria and kitchen facilities, electronics equipment, visual aids and other items—a great many of the students cannot be accommodated.

"Education cannot afford to go into the commercial market for what we need—and need drastically," Mr. President—because we do not have the money," asserted one of them.

CONSOLIDATING GERMANY

Top secret talks between the Americans and the French have now started to weld western Germany into one economic unit. The move may end up by uniting the U. S., British and French zones into one anti-Russian sector, with the rest of Germany under the hammer and sickle.

The U. S. occupation zone includes most of the province of Wurttemberg and the northeastern quarter of Baden. The remainder of the latter province and a small piece of Wurttemberg are under French control.

This suggestion was approved in principle by Maj. Gen. Lucius Clay and Lt. Gen. Joseph McNarney, highest-ranking U. S. commanders in Europe, and the War Department has instructed General McNarney to inform the French that this country will discuss the plan if France agrees to discuss, at the same time, internationalizing the vital Ruhr basin.

If the deal is worked out, it will be an important step toward ending the economic confusion which exists under the present set-up. The United States, Britain and France are hoping to unscramble the current mess, at least in western Germany.

Russia so far has indicated no willingness to go along.

Visitor En Route To Japan

Mr. and Mrs. A. M. Johnson had as their guests for the week-end recently Mrs. Bessie Quint and her 5-year-old daughter, Katie. Many Campbell people will remember Mrs. Quint, who visited in Campbell for a month last year, and will be interested to learn that she and her daughter are en route to Seattle, Washington, from their home in Tucson, Arizona, and will embark from the Northwest port for Japan to join Major Quint.

The family's new home will be Sendai on the Island of Honshu, north of Tokyo. Major Quint is in charge of rail transportation on the Island and will be there for the next two years. He has already been there for the past year.

A 12 room house and three servants are being furnished for the family by the Japanese Government. Educational facilities will be furnished by the American Army. On the advice of her husband, Mrs. Quint is taking their car, refrigerator, sewing machine, and 4200 pounds of food.

One of the hardest tasks Mrs. Quint has had in preparing for the journey is the gathering of clothing for herself and daughter to last for two years.

About Hose!..

Since we get so many requests for hose which we are unable to fulfill, and so many questions about why we don't have hose more often, we would like our customers to have the facts so that they will understand why we are so seldom able to supply their hosiery needs. The main fact is that we have only one hose source at present, and no prospect of any more until the shortage is relieved. This source ships a few hose to us at irregular intervals, usually of not less than six weeks, and they tell us that this situation will probably continue for some time. We regret that until this time our service to you in the hose problem must continue to be inadequate. Although our Nylon list is now full, with a long waiting list, we hope you won't stop asking us for hose, but will understand why the answer is usually no. We are doing our best to secure the widest possible distribution of the hose we receive.

NEW SERVICE FOR HOSPITALIZED VETS

Campbell will be represented in the newly enlarged Red Cross service to patients at Palo Alto Veterans Hospital, according to announcement just made by Miss Stella B. Leviston, chairman of Motor Corps, of the San Jose Chapter.

The first Wednesday of each month a member of the Campbell branch will accompany the San Jose Motor Corps driver in the 14-passenger Red Cross bus that takes hospital patients on a trip about the California countryside. For many of the patients this is the first trip in years beyond the hospital confines, and the therapeutic value of new scenes and new contacts is considered great, according to hospital authorities. Santa Clara and Morgan Hill branches are also cooperating in the extension of Red Cross services in the Veteran's Hospital.

CAMPBELL STUDENT PARTICIPATES IN FLAG PRESENTATION

Victor Corsiglia Jr., student at Campbell High school, represented all the Junior Red Cross groups in the San Jose Chapter area, in presenting a handsome American flag a few days ago to the naturalization office in the County Court House.

The large flag will have a place of honor on the wall of the naturalization office, where would-be citizens from the Old World and other distant lands, will take their oath of allegiance to the United States of America in a setting made memorable by the Stars and Stripes presented by the Junior Red Cross.

Accepting the flag for the county naturalization office was County Clerk Albert Newlin. Chairman of Junior Red Cross that this year held 100 per cent membership in the San Jose Chapter's 72 public, private and parochial schools, was Miss Marian Eley.

Veterans' News

Nearly 700,000 veterans are expected to flood the nation's schools this fall, according to a recent survey made by the Veterans Administration. Veteran enrollment during the spring was around 400,000.

Thousands of veterans will be enrolling in schools next fall for the first time under the Servicemen's Readjustment Act. The VA is urging those veterans to apply immediately for certificates of eligibility, to avoid a flood of last-minute applications which would swamp the VA's administrative machinery.

Once the certificate is issued it remains valid until used and will not expire if the veteran does not begin school immediately.

To obtain a certificate of eligibility, write or visit the nearest Veterans Administration office.

Question: Can I get a part-time job while I am going to school and still get my subsistence allowance?

Answer: Yes. Under the educational provisions of the GI Bill, as long as a veteran is not working full-time, any salary he may get does not affect his subsistence allowance.

Q. Can a veteran who draws retirement pay also receive subsistence allowance while attending school?

A. Yes.

Q. What restrictions are there on holders of National Service Life Insurance?

A. NSLI is free from restrictions as to residence, travel, occupation, or military or naval service. The insured may live where he likes, go where he will or engage in any occupation; his government insurance policy still provides protection.

Q. Does the VA furnish seeing eye dogs for blind veterans?

A. Yes. Blind veterans entitled to disability pension are also entitled to seeing eye dogs, plus travel expenses involved in getting to and from the place where the dog and the veteran become adjusted to each other. Such individuals also receive mechanical and electronic equipment necessary to aid them in overcoming their handicaps.

KEEP THAT GOVERNMENT INSURANCE, FELLA! A WHALE OF A POLICY FOR A MIGHTY SMALL PRICE

"HOBBY HOLIDAY" PLANNED

Hobbyists will come into their own in the California Mission Trails area with the big "Hobby Holiday" planned by the city of San Mateo. The first event of its kind to be held since the war, tinkers and gadget-makers will have their day on Sunday, Sept. 1.

There are 26 different classes of competition, and with American ingenuity being what it is, if that is not enough they will create a special class for the "jigger" you cooked up in your spare time.

Entrants are invited to write the Hobby Committee, Chamber of Commerce, San Mateo, California.

California's milk production in 1945 was valued at \$365,000,000.

The Book Mark

Redwoods and the native flowers of the Redwood region are featured in the new book, "Pacific Coast Ranges", in a chapter by Donald Culross Peattie, noted California nature writer. "Redwoods are a whole world in themselves," he says, "and they reach further south than any other great forest formations of the northwest coast."

Of all the trees on the Pacific Coast, in his opinion, the most world-renowned are the Redwoods—"a unique phenomenon among the wonders of the earth." Several photographic views of Redwood groves are among the illustrations of the book.

The Petrified Forest near Mt. St. Helena, with its fallen Redwoods turned to stone, is part of the Geological Story, by Daniel E. Willard, who tells of the ancient past of the Sequoia sempervirens. Another chapter, on Climatic Transitions and Contrasts, by Richard Joel Russell, cites rainfall data concerning the Redwood forest region.

In the new book the wildlife of the region, including the unique elk herd at Prairie Creek State Park, in Humboldt County, is described in a chapter by Aubrey Drury, of the Save-the-Redwoods League. "The Pacific Coast Ranges" is edited by Roderick Peattie, as are the other volumes in the American Mountain Series of which it is a part.

Romance of Food

By LARRY BLAKE
Rice, a typically Oriental food, first reached America as the result of a storm at sea. And strange as it may seem, it came from across the Atlantic.

Back in 1694, an English ship bound for London from the island of Madagascara, was blown off its course and put in at Charleston, S. C. The skipper was an old friend of the governor of the colony and when he finally weighed anchor, presented him, among other things, with a bag of rice grains which the governor promptly planted in his own garden.

The crop proved so successful that planters throughout the colony quickly began to cultivate it as a valuable addition to their food supply. After that it wasn't very long before America was exporting rice to Europe in substantial quantities, Europeans already having acquired a taste for the new grain, it having been introduced to the continent from the Mediterranean countries which it reached along about 1468.

History does not record when rice first became popular as a food. Probably the earliest mention of its use is a ceremonial ordinance of the Chinese emperor, Chin-Nung about 3,000 B.C., in which the emperor and four princes are described as sowing five different kinds of rice.

One good and rather unusual way to prepare rice is this: Wash three-quarter pound in cold water; chop three onions and half a clove of garlic into melted butter; mix with the rice and add to quart of broth, salted and peppered to taste; bring to a boil, then cover and set in a hot oven for 40 minutes; just before serving add one-half cup of grated cheese.

How many chances do you take every day?

For further information on prevention of farm accidents, contact your local county agent or nearest agricultural official—or write to the U. S. Department of Agriculture for free booklet on Farm Safety.

DON'T TAKE EVEN A LITTLE CHANCE WITH INJURY OR DEATH!

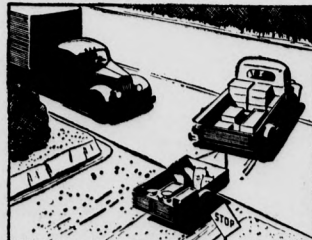

An official public service message prepared by The Advertising Council in cooperation with the National Safety Council and U. S. Department of Agriculture.

- ☐ I take chances with machinery.
- ☐ I'm never careless with machinery.

Do you leave safety shields off power shafts, gears and chains? Wear loose-fitting clothing that may catch in machinery? Operate the tractor on dangerous inclines or banks? Let children play around equipment? Then tragedy may strike... for mishandled machinery and equipment are involved in 30% of fatal farm accidents.

- ☐ I swing onto highways carelessly.
- ☐ I always stop at highways.

Do you sneak through stop signs... fail to look both ways before turning onto highways from side roads? When walking on highways, do you heedlessly walk with, not facing, oncoming traffic? Are you careless crossing highways? If we're not careful, 6,500 farm residents will die this year in motor vehicle accidents.

- ☐ I put off repairing broken steps.
- ☐ I keep stairways well repaired.

Do stairways in your home and barn need repairs? Do you let stairways become cluttered with boxes, mops, brooms? Are they unlighted? Do you have ladder or hay-chute openings without handrails? These are the most common causes of falls... falls which account for 39% of all fatal accidents, just in farm homes alone!

There's nothing that will perk
up your summer outfit like a
new purse. Rachel has a large
variety to show you. A brown
reptile leather with stitched
squares is original looking. The
corde' purses, in all sizes and
shapes come in navy, brown and
black. The pouch style with
handles is particularly popular
this season. One of the best look-
ing in this style is a black plas-
tic patent. My favorite is a
brown plastic with a deep stitched
cuff and zipper. These plastic
purses are smart looking and will
wear well as they do not peel or
crack and can be washed.

You must see the hand forged
aluminum at the House of Riches!
The double candle holders are
very distinguished looking. The
immense turkey platter is truly a
work of art and would be elegant
for your holiday table. The hors
d'oeuvre trays and ice tubs are
just right for entertaining. If you
are interested in presents the cig-
arette boxes and ash trays would
be ideal.

Hot weather is here and with
it we have those ever-present in-
sect pests. None of us enjoy find-
ing ants on our drain board in the
morning or being chewed by
mosquitoes at night. The new
product, "Pestroy", which con-
tains 6% D.D.T. can help you
with this insect problem. It comes
in liquid and is easy to apply as
you paint it on your screens,
around window ledges or on your
sink fixtures. "Pestroy" costs
but a trifle and is worth plenty in
solving your insect problems. Ask
for it at the Campbell Phar-
macy.

Don't miss stepping into Clarks
soon to have a look at the beau-
tiful gold and silver compac'ts.
They are attractive in round or
square shapes and are large. Par-
ticularly distinguished looking is
a gold square compact with small
red figures of lions and men.
Clark's also have the popular lu-
cite compacts and cigarette cases.

The What Not has just received
a shipment of spun brass ware
which is elegant looking and
doesn't tarnish. The smart vase
set, the round candy dish with a
brass top and the candle holders
with snuffers would all make
wonderful wedding gifts. The glass
cigarette boxes with smartly de-
signed lids would be of special
interest to those with a limited
budget. Mystery lovers can look
forward to some exciting reading
as The What Not has a good as-
sortment of new mysteries. They
also have several new books, one
of which is Margery Sharp's
"Britannia Mews". If you're
having trouble finding something
to read why not make use of The
What Not library?

A present that is always appre-
ciated by your one and only is a
wallet. You can find them in all
styles and prices at Benson's.
They are smartly styled in dif-
ferent types and colors of leath-
er. They range from single ones
with the bare necessities to ones
with many compartments and zip-
pers. The one made of unborn
calf is quite attractive. Remem-
ber a wallet from Benson's when
buying a present.

They're here at last! Those
ever popular two-piece Balbriggan
pajamas for youngsters. Chil-
dren love them as they're so
grown-up looking. Mother, you
don't have to worry about the
raveling problem with Balbrig-
gans. They are easy to wash and
one less outfit to iron. The

variety of colors and sizes two
through eight.

Campbell Court Notes

By Judge Blaine

From the County Jail Farm
comes this letter: "Dear Judge, I
am writing the letter you men-
tioned the day of my commitment.
I have worked every day I have
been here except Sundays. It
isn't so bad here, but of course
I would rather be on a job where
I made something for myself and
family. If you can shorten my
sentence I promise to respect
your orders and that you will
have no regrets for giving me a
chance to do something worth
while. I am on my feet again and
can use my head."

This man is invited to submit a
definite plan that he will live up
to. His troubles were due mainly
to irregular habits and drink.

In 1902 fines collected by
Campbell Justice Court totaled for
the entire year only \$15. We have
"progressed". Last year the total
was \$999. For last week alone
it was \$157, of which \$150 stem-
med from difficulties caused by
drink.

In lighter vein the Court notes
some prominent citizens netted
by the Highway Patrol for double
parking "just a minute". The
Court's imagination runs riot: San
Jose has parking meters. Camp-
bell might have double-parking
meters. Fines could be 50 cents
a minute or fraction thereof.
Prominent citizens and their fa-
vorite merchants are invited to
make their own suggestions.

In the meantime customary
double-parking fines are a dollar
each. And the prominent are just
as welcome in the local court as
any.

A busy week was climaxed by
three Saturday evening weddings.
Helyn Shanahan, of 129 Balbach
St., San Jose, became the bride of
Joseph Carvelho Jr., of 54 Rin-
con Ave., Campbell. Ada Lucille
McKay, of Route 3, Box 77, Los
Gatos, was taken to wife by Rob-
ert E. Williams, 121 Spring St.,
Santa Cruz. Dorothy M. Felici-
ano, of 582 Homestead Road,
Santa Clara, was wedded to Jo-
seph Cabral, of 166 Sunnyside
Ave., Campbell.

Two Cousins Take Brides

Two cousins took brides Saturday afternoon when Joseph Carvelho and Miss Helen Shanahan of San Jose, and Chief Petty Officer Joseph Cabral and Miss Dorothy Frilicano of Santa Clara were married by Justice of the Peace John Blaine at his home in Campbell. Both benedicts are well-known residents of Campbell and attended local schools here. The two weddings were performed 15 minutes apart.

Witnessing the marriage ceremony of Miss Frilicano and Mr. Cabral were Mr. and Mrs. E. E. Davis of Sunnyside Avenue. Miss Frilicano wore a light yellow suit, black hat and accessories, and her flowers were a white begonia corsage. Following the marriage a reception was held at the home of the bride's parents, Mr. and Mrs. Raymond Frilicano in Santa Clara. The couple plan to wait until Mr. Cabral is on leave from his duties at Moffett Field before leaving on their honeymoon. At present they are residing with Mr. Cabral's parents, Mr. and Mrs. Manuel Cabral at 166 Sunnyside Avenue. Mr. Cabral was stationed in Hawaii for four years during the war.

Miss Norma Henshaw and Mr. Manuel Cabral Jr. served as witnesses for Miss Shanahan and Mr. Carvelho, who left for a short honeymoon in Santa Cruz immediately following the ceremony. The young couple plan to live with the bride's parents, Mr. and Mrs. Shanahan in San Jose following their return. Mr. Carvelho, who is now employed at Hendys, served overseas in the Army in the Pacific area. The new Mrs. Carvelho wore a blue street dress and white accessories.

Property Owners Meet To Protest Industrial Zoning

A group of property owners, organized as the Property Owners' Association, in the San Tomas district met Monday evening at the home of Col. and Mrs. James L. McBride to listen to Gus Standish, a representative of the Taxpayers Association, and David Rutherford, a representative of the Chamber of Commerce, present the advantages to the community of industrial zoning.

The Property Owners' Association is protesting against their district being included in the industrial zoning area which has been recommended to the County Planning Commission by the Board of Supervisors. Both sides accused the other of selfishness in their motives.

TIRE STOLEN IN SAN JOSE

B. Espino, 334 Latimer Ave., reported to San Jose police that a spare tire was stolen from his car while it was parked near the intersection of Market and San Augustin Streets.

NIEL SELLERS ATTENDS MEET

Niel Sellers, who is a member of the Santa Clara County Republican Central Committee, attended the California State Republican convention, as a delegate from Santa Clara County, which was held in Sacramento, July 20 and 21. Arthur W. Carlson of Contra Costa County, was elected State chairman. One of the principal resolutions passed was the favoring of measures to appear on the ballot for a \$100,000,000 veterans' farm and home bond issue, and \$2400 minimum annual salary for school teachers.

Scheduled for Saturday evening at the Campbell Theater is a midnight show which co-bills the mariner of the K-9 Corps, "Ace", in "Danny Boy", and Michael Shayne, detective, in "Murder Is My Business".

"Danny Boy" will appeal to all dog-lovers—both young and old.

More than 50,000 soldier dogs were used in the Pacific Islands where they helped to carry the war to the Japs. Many K-Niners were trained to be attack dogs. Others were mine dogs, message carriers, sentry and scout dogs. The problem of demobilization and return of the K-9 fighters, re-training and re-teaching them peaceful ways is a program undertaken by the Army and Marine Corps to fit them for life with their old owners and in their erstwhile neighborhoods.

Such a dog is "Danny Boy", played by Ace, the refugee German Shepherd in "Danny Boy".

The career of Hugh Beaumont, leading man appearing in "Murder Is My Business", has all the ingredients of a first class film in itself.

Combining ministering to the spiritual wants of a church congregation and satisfying the public desire for entertainment as a movie actor are enough to keep any man stepping, asserts Hugh Beaumont who does both successfully.

The hard bitten detective, Michael Shayne, before the rolling cameras, Beaumont can be found every Sunday morning in the pulpit of the Los Angeles Vincent Methodist Church preaching his sermon to the 119 active members of his congregation.

"I consider myself extremely fortunate," states the minister-actor, "to be doing the two things I love best—giving spiritual guidance and acting."

Born in Lawrence, Kansas, the scene of Quantrell's bloody raid during the Civil War, Beaumont attended both the Universities of Chattanooga and Southern California. He has been very active in professional stock and radio.
